Designed in the Fashion District in Los Angeles, Tea n Rose & Orange Creek embodies a youthful spirit with the integrity of a designer point of view. Each collection is inspired by the power of simple feminine shapes, which are enhanced with an artful use of color, and feature prints that express a sense of optimism and ingenuity.

Located in the heart of LA's fashion industry, Teanrose designed the junior line to define the young, flirty and playful girl who is comfortable with choosing between her vintage inspired screen tees to her fit and flare dresses. Tea n Rose defines the young, bold & chic.
